

President Elect

**Suzanne Spigner, RHIT
CEO of Charts In Time, Inc.**

Suzanne has been in Health Information Management for over 20 years. As an HIM service provider she has a unique understanding of the changes our industry is facing and has the proven leadership skills to guide the membership through these changes and provide solid direction for the future.

Suzanne has been an active member of AHIMA/FHIMA/GCHIMA since 1991 and has had the privilege of serving the GCHIMA membership as Past-President, President, President-Elect and Treasurer.

**Colleen McComas, BBL, RHIT,
Manager, Health Information Management
St. Joseph's Hospital North**

Since 1983, Colleen has provided health information management experience in multispecialty and acute care hospital settings.

In addition to her career in health information management, Colleen has served as an Adjunct Instructor for:

- Baker College, Flint, Michigan;
- Indian River Community College, Fort Pierce, Florida.
- Serving also on the Health Information Management Advisory Board.
- Instructor of Medical Terminology for Fayetteville Community College, Community Services Department.

Colleen is a current member of AHIMA, FHIMA and GCHIMA; currently serving on the Program Committee for FHIMA. Past member of the Michigan HIMA and North Carolina HIMA. While in North Carolina, Colleen served as the Editor of Footnotes for NCHIMA.

Over the past two years, Colleen has served as the Treasurer for GCHIMA. While serving with the GCHIMA board, Colleen has been diligent in helping to achieve the GCHIMA goal of reaching out to past members and new potential members. In 2011, with the assistance of the GCHIMA board, Colleen set up a booth at FHIMA. This sparked quite the conversation as our purpose was to identify GCHIMA is alive and active. It was also a venue to reach out and enlist the skills and abilities of our GC members; and to enhance our knowledge as we move forward into the electronic age of EMR, HITECH, Privacy, Meaningful Use and ICD-10.

Colleen is currently pursuing a Master's degree in Health Care Administration from Walden University.

Treasurer

Martin J. O'Neil, BS, RHIT COO of Charts In Time, Inc

Martin has more than 25 years of combined experience in Acute Care HIM, HIM Services, and administration and marketing in IRF healthcare settings. Martin is also currently an adjunct Professor in the Health Information Management Program at St. Petersburg College, teaching Basic and Advanced Coding as well as Introduction to HIM, Healthcare Delivery Systems, and Professional Practical Experience courses.

Martin has been a member of AHIMA/FHIMA/GCHIMA since 2006. He has served on several boards, including The HealthSouth Rehabilitation Hospital Community Advisory Board, The SPC HIM Advisory Board, The Arthritis Foundation Board of Directors, and the Largo –Mid Pinellas Chamber of Commerce board.

In addition to his RHIT credentials, Martin holds a Bachelor of Science in Health Services Administration degree from FGCU, an Associate in Science in HIM from St. Petersburg College, and in Associate of Arts from Edison State College.

Delegates

Cathy Minan, RHIT, CCS

Cathy is currently the Manager of Coding/CDI for Bayfront Hospital. She has served the GCHIMA membership in previous years as President, President-Elect, Past President and Delegate.

Chris Aldridge, RHIT

Chris has worked in the medical field since 1981. Started as a file clerk in Pathology and worked my way to transcriptionist in Pathology. Stayed in a local hospital for 18 years and decided to change careers and went into HIM field in 2000 at present company Florida Blood Services(FBS). She went back to school to get her RHIT and completed it in 2003 at St Petersburg College. After 8 years she decided to go into electronic medical records at a local medical clinic, while staying part-time for FBS. When plans didn't work out as expected, she accepted her full time position at FBS as Coordinator of Volunteers. Wanting to keep her hands in HIM because of her RHIT, she currently work part-time for Charts In Time.

Iris B. Martinez, BS, RHIA, CCS

Iris has over 30 years of experience in the HIM field. She served as President of GCHIMA in 2010. Presently she holds the position of Director of HIM in an acute care hospital. She is also an Adjunct Instructor at SPC.

Melissa Myrick, MSA, RHIA

Melissa is the Regional Director of Health Information Management (HIM) for BayCare Health System (10 Hospitals - 325+ team members) in Tampa, FL. Melissa is an innovative, action-oriented, results-focused, decisive leader offering 17 years of experience in healthcare

information management with strong organizational, project management, and team development skills.

Marion Godwin, CQA, RHIT

Marion aspired to work with electronic medical records, attended the HIM program at St Pete College and obtained her RHIT in 2005.

As a student, she presented the Return of Investment (ROI) for transitioning from the - then paper - Gulf Coast Health Information Management monthly newsletter into our current website. She has managed the content of the website since that time. She is excited to be working with newly formed GCHIMA E-committee - to enhance our site! Look for changes in early 2012!

In addition to the website, she has been very active with Gulf Coast in the past; serving on the Board as a past Treasurer and has happily served as a Delegate in the past when asked.

Marion is currently employed by Suncoast Hospice as a Software Analyst, working with an electronic medical record. She is very grateful for the opportunities that her participation in GCHIMA has afforded her. If chosen, she will be proud to serve as a Delegate in 2012.

William Murray, RHIT

I am a dynamic high energy individual who strives to exceed expectations and create an atmosphere of success. I currently serve as Health Information Director and HIPAA Officer at HEALTHSOUTH Hospital in Largo FL. Previous roles leading to my current position include positions with IBM, Department of Defense, where I worked with Army Medical records and got my first exposure to electronic health records. I then worked in the area of corporate contracts until I landed at Maxim Health care. Once at Maxim I worked exclusively with a variety of health care providers implementing, training, and critiquing electronic health records. Once I decided to make a career in HIM, I went back to school and completed my RHIT maintaining a 4.0 gpa. Once immersed in HIM I joined AHIMA, FHIMA, and of course GCHIMA. I was a volunteer with Carolyn Glavin at the 2010 FHIMA conference and have been active in the FIRE committee under FHIMA. I conducted information session at St Pete College to increase our foot print and membership for both GCHIMA and FHIMA. Under GCHIMA I have been a consistent supporter, volunteering as needed to help at each meeting. In my personal life I have been active in Susan G. Komen, FL Blood Donor, National Marrow Donor Program, and my favorite is training my dog Daisy May to be a Therapy Dog for TDI. I feel my many experiences and energy would make me a great candidate for Delegate of GCHIMA.

Rebecca Scutro

Becky Scutro is a Registered Health Information Administrator (RHIA) and Program Coordinator of the Health Information Technology Program at Rasmussen College while attending St. Joseph's University pursuing a Master of Science in Health Administration. Becky is a native of Florida and a graduate of the University of Central Florida with a Bachelor of Science degree in Medical Record Administration. Professional affiliations and service include: membership with the American Health Information Management Association (AHIMA), AHIMA sponsored Assembly on Education (AOE), Florida Health Information Management Association (FHIMA), and Past President of the Gulf Coast Health Information Management Association (GCHIMA) and Past President of the Tri-County Health Information Management Association (TCHIMA).
